 - 5. Community School Facilitator** **Geralynn Barney**
- Continuing to work on getting things ready for Community Candles of Light.
- The last day to donate is December 13th. Money donations need to be in by December 12th.

 - 6. Report from Counselors** **Amy Skelton**
Meetings have begun with 8th graders to plan and prepare for the transition to high school.
- Counselors are calling each parent to try to get more support with parent attendance at the 8th grade meetings

 - 7. Safety Plan (Chapter 3) & Digital Citizenship** **Judy Rembacz & Michelle Shimmin**
- Digital Citizenship - Key is be smart
- Content Keeper - filter that detects and blocks access to inappropriate material on the internet

Elementary, middle, and high school as well as staff each have unique filtering settings. They are more restrictive for lower levels, and least restrictive for staff.

- IT department has several management systems including LanSchool. The management systems help prevent students from adding or changing systems on the computers.
- If alerted by a parent, teacher or principal that inappropriate behavior is suspected, IT will pull the internet history of the user in question.
- Judy Rembacz is our digital citizenship coordinator for our school. She teaches the teachers, students, parents and staff about digital citizenship.
- Digital citizenship includes being knowledgeable about how to use computers and technology. When students are educated they will hopefully make better choices.
- House Bill 213 requires every student receives digital citizenship instruction at least during the school year.

8. SCC Safety Report Main Concerns/Points **Alyssa Powers**

- Question was raised about what does the administration feel is the biggest threat/concern worry about students and technology?
- A big worry is the level of technology addiction.

- What is our primary safety concern as a council? Digital Disruptions is our primary concern, but if we increased counseling supports that would provide an additional support.

- What is our primary physical safety concern? Parking lot safety (would have been our number one concern, but due to the plan in place we are hopeful this will change)

- What is our primary emotional concern? Need for more availability to counselors. Our primary concern is having 3 full-time counselors to provide consistency and supports for students.

- What is our primary digital literacy concern? We know students are addicted to technology. Our biggest concern is the disruption that is caused by the addiction to technology.

9. New Tardy Plan **Mindy Robison**

- Mindy explained the proposed tardy plan. Reviewing the proactive and positive consequences and the negative consequences. The school will roll out this tardy plan in January in the PBIS plan.

10. Trust Land & TSSA Budgets (Teacher and Student Success Account) **Mindy Robison**

- Mindy reviewed the budgets. In January we will create grants for the teachers. The SCC would like to learn more about how we can increase the pay for ESP employees.
