After further review of our 2017-2018 School LAND Trust plan, we would like to reallocate the \$10,000 for a behavior interventionist and increase the hours of our reading and math interventions, adding \$2,500 to each of the four interventionists, for a total of \$10,000.

Essentially, we will take the \$10,000 for Salary and Employee Benefits under Goal #3 and reallocate \$5,000 to Goal #1 and Goal #2 under Salary and Employee Benefits. By making these changes, we will be able to increase the hours of our current employees and provide more consistent supports for our students, by providing additional academic supports.
