**7. Preliminary 2020 CSIP Discussion/
Obtaining Teacher Feedback**

Alyssa Powers

- To obtain teacher feedback we first discuss CSIP as a SCC. SCC's recommendation is then taken to BLT. BLT members share it out with their team and get feedback. The feedback from BLT and teams is then taken back to SCC.

CSIP Discussion Ideas:

- It was mentioned that we need to bring the arts, extra curricular, and cultural experiences to the forefront.
- Another idea was to fund a 3rd full time counselor so that students have consistency with a counselor from year to year.
- Next month come with additional ideas we would like to add to CSIP.
- Think about if we need to reevaluate the percentage we would like to see in growth on the Reading Inventory and Mathematics Inventory assessments.
- It was mentioned that one of the great things about Midvale is that we push all students to excel and meet their goals.

8. Trust Land & TSSA Budgets (Teacher and Student Success Account) **Mindy Robison**

- Mindy reviewed the budgets. We have money that we need to spend that matches our goals. Teachers and teams have been brainstorming ways to use the money to help meet our goals. We are very behind on updating novels for ELA classes. ELA teachers are making requests for novels and we should be able to fund their requests.

- A google form will be sent to teachers that will allow them to make classroom equipment and technology requests.
