Currently planning three different potential options for next year.

Question was raised about how we can provide more support. We have resources. The challenge is finding out which families need what and getting communication out to everyone. Parents volunteered to help with a dinner for the Road Home. Parents also volunteered to help students who may need help with the end of year and getting assignments in. Question was raised about whether online resources will be available in the summer. Many of our contracts end June 1st. Mindy will put together a list of products that students can use over the summer.
