8. School Safety Plan Top Concerns Decision Alyssa Powers  
- Possible Top Concerns:  
- Road safety  
- Internet safety  
- Mental health  
- Anxiety and safety surrounding COVID

Student survey data shows students feel safer in school in comparison to last year. Office discipline referrals have also been greatly reduced this year.

Mental health is a concern for both in person and online students.

Our number one concern is internet safety. Our secondary concerns include mental health and physical safety.

Current action plan for safety top concerns:

- Safe walking route feedback, address the crosswalk
- Internet safety: district supports, digital citizenship lessons, Second Step

- Mental health: counselors, social worker, community facilitator, Second Step lessons

9. TSI Update (Targeted School for Improvement) Mindy Robison
- Mindy has a district meeting this week and will find out more information.
  - Data on Reading Inventory shows advanced students in every group went up. The number of students in the below basic went down. This is a great success.
  - Data on the Math Inventory shows that most students went down on the MI. This has been common across the district.

10. Final Summary for the 2019-2020 TSSP Mindy Robison
- We showed great growth on the Reading Inventory (RI). We did not show growth on the Math Inventory (MI). We were close to hitting our school climate goal.

12. TSSA & Land Trust Budgets Mindy Robison
- We are on track with our budgets. By January we will know if we will have extra money that we can use for teacher grants.

13. TSSP (Teacher Student Success Plan) Mindy Robison
