- TSSA: \$138,235.00
- LAND Trust: \$129,891.82

10. Cell Phone Usage and Feedback Mindy Robison

Proposal:

- Cell phones can be used before and after school and during lunch
- No cell phones during instructional time
 - If phone is seen it is taken
 - 1st time: student can pick up phone
 - Every time after parent picks up
- If there is an emergency, students are always allowed to call using a school phone. Parents can call the school if they need their student

SCC is in support of the proposal. Recommended that students will need to be taught how to use the school phones and how to manage time spent on a cell phone. Also recommended that we have a procedure to help parents who may not be able to pick up the cell phone during school hours.
